

Curriculum

St. Peter's CCC Preschool will follow a curriculum designed to promote both social and emotional growth focusing on developing a positive self-esteem for each child. To meet these goals children will be exposed to various academic readiness activities through active discovery and guided learning. Activities, stories, songs, and projects will be centered around weekly themes. Field trips, visitors, dress up days and special snacks will also be planned to support the curriculum. Development of social skills will be accomplished during daily circle and free play experiences.

Spiritual growth will be nurtured through Bible stories, songs, and Christian character lessons. The children will be part of a Kindness Curriculum that will expose them to community service projects on a monthly basis. Projects will relate to a book read to the class. Visits by the pastor and to the sanctuary will be planned.

Preschool Staff

Each class will be taught by a state certified teacher with the help of an aide. To view specific teacher qualifications, please visit the preschool website for a resume.
