Centers Spotlight

Monday: We will make a story poster today, think and draw about our favorite thing we learned in spring and complete other fun end of the year activities.

Tuesday: Centers today include building a bug in a jar, sorting bugs, making a bug book and reflecting on our favorite thing to do at St. Peter's Preschool.

Wednesday: We will sequence the ladybug lifecycle, count and match ladybugs and craft a ladybug too!

Thursday: Today we will make ant headbands, pattern bugs and put them in number order. We will pretend we are ants marching and sing and dance too!
