Joseph and the Splendid Coat

(A Bible Story about Forgiveness)

Joseph's father gave him the best coat that there could be. This filled his older brothers with hate and jealousy.

They put Joseph in a well and left him there all alone. Some men from Egypt found him and brought him to their home.

There, Joseph helped the pharaoh with a very clever plan. Then the pharaoh knew that Joseph was a very special man.

Back in Joseph's homeland there were no oats or hay. So his brothers came to Egypt to buy some food one day.

Joseph found that they had changed and that they were sorry, too. So he forgave his brothers and told them what to do.

They went home to their father, and brought him back to see how they could live together as one big family.
