Last Week:

Our first few days of school were great! We spent circle time getting to know the names of our new friends and their favorite color. We talked about the rules of the jungle—the difference between red and green choices at school. This week we will continue to give examples of red and green choices. Everyone is off to a wonderful start accomplishing their centers too!

This week we will start our morning routine. I have one helper each day—he/she will be my leader for circle time. We will start with a good morning song (Rise & Shine), pledge, prayer, months song, days of week song, calendar date, weather, and counting to 100. We will finish with a gross motor song to get the wiggles out! One song this week is "Down In the Jungle" by Kiddy Music on Youtube.
