SEPTEMBER

LOOK WHAT WE'RE LEARNING

This week we will spend time learning God created families so that we could love each other and take care of each other. The children will learn families play, laugh, and help one another. We will spend time looking at those adorable family photos pointing to each family member. If you have not sent in a family photo, please do.

The children will be introduced to each family member through a flannelboard story. We will thank God for giving us a family to love.

SPIRIT DAY! - Tuesday and Wednesday - Wear t-shirts.

SONG AT MY HOUSE

(Tune: London Bridge)

There's a mommy
at my house
at my house
There's a mommy
at my house
Thank you God,
for mommy.

Repeat with other family members

MOTOR: "This Is the Way" Move to cd movements

Vision
Screening
Wed, & Thurs.

NOTE

Your little ones are beginning to settle into our routine. A few of them may continue to have a few tears. No Worries! Once your child is the classroom, they are playing and exploring all the toys. Please continue to reassure your child that Mommy, Daddy or Grandma will pick them up. You also may like to give your child a transitional object to bring to school for comfort. This may be a picture, comfy toy or blanket.

PEEK AT LAST WEEK

We met some wonderful teddy bear friends. The children danced and hugged their teddy bears as we introduced teddy bear body parts along with bear colors.

We also played with Mr. & Mrs. Potato heads to help with grasping, pushing and pulling.
