SONG:

A LITTLE SEED

A little seed for me to sow.
A little seed to make it grow.
A little hole, a little pat,
A little wish and that's that.
A little sun, a little water
A little while
And then a flower.

PEEK AT THIS WEEK

This week we will focus on the gift of flowers. God gave us so many different kinds of plants and flower seeds. The children will learn it takes patience and love to help the seed grow to bloom beautifully. We will be God's little helpers planting sunflower seeds and learn parts of a flower. We also will work on surprise mommy and daddy gifts. Please have your child wear sunglasses on Wednesday and Thursday.

NOTE:

Planting with your little ones can be fun and memorable. Plant a small garden of flowers or family tree! Head over to a garden center and pick out your favorite young tree to plant. Have your child help as much as possible, digging in the dirt or spraying water. Encourage your child to continue to observe the tree during the seasons. Don't forget to name your family tree!
