Teacher requests: Student placement is taken seriously and is initiated according to a process involving time and careful thought concerning the best interest of every child in each classroom. Classrooms are heterogeneously grouped. In order to create balanced classes of students, the following factors are considered: gender, ability levels, student needs, behavior concerns, and special program needs.

We know sometimes when a brother or sister has had a great experience with a wonderful teacher we want to replicate that same experience for our next child. However, each child is unique and no experience can be exactly the same for any child. We believe we have assembled the BEST staff - committed to ensuring a successful school year for your child and willing to work with you to help your child have a great learning experience.

St. Peter's Preschool will operate with two classrooms for four year olds. Each classroom will be equally equip with learning materials and free play materials. Teachers will adapt these materials to meet her teaching style along with the interests of the children in the class.

Teacher assignments will be finalized by August 26, 2022.
